SIX KILLED, 11 HURT IN TEXAS APARTMENT FIRE

BLAZE FOLLOWS GAS EXPLOSION IN LEAKY STOVE

Police Believe Aged Woman Applied Match

Fort Worth, Tex., Nov. 28.—(P)—Police and firemen, after an exhaustive search, expressed belief tonight that six dead and 11 injured accounted for all the victims of a gas explosion which converted a two-story apartment building into a flaming death trap early today.

Among the dead was Mrs. Belle Stephens, 78, believed by firemen to have lit a match near a leaky gas stove that caused the explosion.

Other dead: Demitt C. Turfville, Fort Worth, 81; Mrs. Della Turfville, about 78; Mrs. Lola Kirby, 24; Howard Kirby, 19.

Mrs. Cecile Hollingsworth, 18; Mrs. Carl Oshorn, sister of Mrs. Stephens, sobbed out the story of the tragedy.

"Belle came in the door, I got up and went into the kitchen and she got up to light the gas in the bedroom. Then I heard an explosion and saw a flash. I managed to get out the back door somehow."

Mrs. Stephens, her clothing, in flames, was blown into the hall. C. S. Slater, who lived across the hall, cut out her burning dress and carried her outside, but she died of burns in a hospital later.

Fire Marshal Ligon said an investigation showed leaky connections on a gas stove in Mrs. Stephens' room.

At the end of a second floor hallway, firemen found the bodies of Mrs. Kirby, Miss Hollingsworth and the Kirby child. Nearby the bodies of the Turfville family were found in their room.

Mrs. Jessie Boyden, 60, trapped upstairs, leaped from her window and ran to a back fence. Rescuers were forced to test down the fence to move the stricken woman to a hospital. She suffered a fractured skull and burns.

Miss Ruth Bellen, 39, was treated for a fractured spine and burns; Mrs. Minnie Robinson, 48, suffered a fractured skull.

Other injured were Mr. and Mrs. M. P. Willis, Jr.; J. A. Brewster, 40, broken toe; Mrs. Brewster, 31, fractured ankle and burns; Tom Brewster, 7, and a 10-year-old child, injured.

Mrs. Bellen, 21, sprained ankle. Most of them were hurt when they leaped from second floor windows and balconies.

Mrs. Blackledge Dines In Jail

Chicago, Nov. 28.—(P)—Mrs. Myrtle Tanner Blackledge, former collector of internal revenue, ate in the county jail today a Thanksgiving dinner paid for by the woman whose husband she was convicted of stealing.

Mrs. Blackledge was assessed a \$1,500 judgment for the theft of the effects of her husband, Norman C. Blackledge, a Chicagoan. She failed to pay it, and Mrs. Susan Nottingham, the wife, had her jailed. The law requires the wife to pay \$3.50 a week for the middle-aged Mrs. Blackledge's jail board.

The money is due each Thursday and Sheriff John Toman notified Mrs. Nottingham that unless she paid, Mrs. Blackledge would be released.

"Don't worry, I'll be there," she said. Her rivals bill in the morning. A few hours later Mrs. Blackledge, with other prisoners, sat down to the jail's special holiday meal of roast chicken, giblet gravy, mashed potatoes, vegetables, pumpkin pie and chocolate.

Weather

For Jacksonville and vicinity: Fair and warmer weather is predicted for this territory today and tomorrow.

Illinois—Becoming generally fair Friday, not quite so cold in northwest in afternoon; Saturday probably fair and somewhat warmer.

Indiana—Cloudy to partly cloudy, some flurries in northeast portion Friday; Saturday generally fair and slightly warmer.

Missouri—Generally fair Friday and Saturday; somewhat warmer Saturday and in the west portion Friday.

Iowa—Generally fair Friday, with slowly rising temperature; probably fair and somewhat warmer Saturday.

WINTRY BLASTS OF SNOW, RAIN SWEEP COUNTRY

Devil's Lake, N. D., Has Temperature Of 4 Below Zero

Chicago, Nov. 28.—(P)—Wintry blasts of snow, rain, and sleet swept the country from the Rocky Mountains almost to the Atlantic coast today as Thanksgiving was celebrated.

Northwest storm signals were hoisted at Great Lakes points when a 40 mile an hour gale lashed Lake Michigan keeping some vessels to the safety of harbors and delaying ferries.

Devil's Lake, N. D., reported the day's lowest temperatures, 4 below zero.

Only the Pacific coast and far southern areas escaped the biting weather. Temperatures were mild and skies blue along the Pacific.

Zero temperatures were forecast for Iowa where sleet and snow glazed roads made holiday driving precarious.

It snowed in Milwaukee and there were flurries during the day in Chicago and over northern Illinois. A further drop in the mercury was predicted for the area.

A strong northwest wind, snow flurries, and 25 above temperatures whet the turkey appetites of Omahans. Elsewhere in Nebraska snappy weather prevailed. Colder weather was forecast for Missouri and Kansas.

Temperatures fell steadily during the day in New England in anticipation of snow forecast for tonight or tomorrow. Similar weather prevailed in Kentucky, Virginia, Eastern Pennsylvania and West Virginia.

Colder and cloudy with showers was predicted for Florida, Georgia, North and South Carolina. Colder but fair was the forecast for Tennessee.

Commission Finds Radio Advertising False, Misleading

10 Percent Examined By Group During Past Year

Washington, Nov. 28.—(P)—The Federal Trade Commission said today that about 10 per cent of the radio advertising continues to be analyzed have been found "possibly false and misleading."

The commission began examination of radio advertising a little over a year ago after many years of study of newspaper and magazine advertising. It has the power to stop false advertising.

Up to June 30, 1935, the commission said in its annual report, 439,253 radio advertisements had been received. Of these a preliminary review had been completed on 276,839, resulting in 36,574 being set aside as "possibly false and misleading," for further consideration and possible action.

In the magazine field, between January 1 and June 30, 1935, magazines having a circulation of 27,230,661 copies had been received.

Up to June 30, the commission said, a preliminary preliminary scrutiny of 1,124 individual current advertisements had been performed, resulting in 284 being reserved for special consideration.

No statistics on newspaper advertisements were given.

Four Members Of Family Killed

Sibley, Ia., Nov. 28.—(P)—Four members of an Iowa farm family were killed and two others seriously injured today when a Rock Island passenger train struck their automobile at a crossing near the outskirts of Sibley.

The dead: Mrs. Schmidt, 42; Sibley; Mrs. Schmidt, 36; Sibley; Two daughters, Arelene, 13, and Marilyn, 2.

A son, Roger, 16, and a daughter, Margery, 18, were taken to a Sibley hospital where physicians said their condition was serious.

The Schmidt family, which lived nine miles southeast of here, was driving into Sibley when the accident occurred. The Rock Island train, running two hours behind schedule, crashed into the center of the automobile, killing four of the family instantly and demolishing the car.

The weather was clear, but the paved highway was slippery from a light snow, and it was presumed that the car skidded when Schmidt applied the brakes in an effort to avert the crash.

KILLED BY TRAIN

Champaign, Ill., Nov. 28.—(P)—The mangled body of John McGillis, 52, Champaign, was found today by a brakeman along the tracks of the Illinois Central railroad.

Among those killed here were six army officers, 15 sergeants and one private. An Associated Press survey of Rio De Janeiro hospitals showed 76 persons were taken to hospitals for treatment of wounds.

Main Base for Italy's Conquest Drive

Nerve center of the Italian drive on the northern Ethiopian front as base for Mussolini's forces in that zone, picturesque Asmara, capital of Eritrea, is shown in this striking air view taken by Ray Rousseau, NFA Service staff photographer with the Italian armies. To Asmara, on the railway line from Massawa, Eritrean port on the Red Sea, are transported all supplies and munitions for distribution to the front. In the foreground are shown the road-stool-shaped huts of the natives, arranged in precise parallel lines. In the center and stretching to the background are the modern structures built by the Italians.

FRANCE FAVORS OIL SANCTIONS AGAINST ITALY

Date For Enforcement To Be Fixed Early In December

Geneva, Nov. 28.—(P)—France is not opposed to application of League of Nations sanctions forbidding exportation of oil to Italy. League officials said tonight that the League's general staff ruled that Italian importers should receive no commercial credit.

Officials added they believed the date for enforcement of oil sanctions would be fixed early in December.

The staff decided that all goods delivered to Italy must be paid for immediately and even a delay of 15 days in payment should be deemed granting of credit, and hence, forbidden.

Great Britain and France announced they were following this policy and experts found replies concerning an armed embargo against Italy showed interested governments almost unanimously in favor of it.

Dr. Augusto Vasconcellos, chairman of the League's sanctions committee of 18, will telephone Premier Laval of France at Paris tomorrow to learn when Laval will be able to attend a meeting of the committee.

If Laval survives his battle in the chamber of deputies in which the life of his cabinet is at stake, Vasconcellos may convene the meeting Dec. 4, but realizes the situation in Paris may necessitate a delay.

Italian quarters heard that Britain is negotiating with Germany and Poland to obtain their adherence to the projected embargo of coal to Italy.

Italians returning from Italy forecast that Premier Mussolini would endeavor within a month to negotiate peace in Ethiopia directly with Emperor Haile Selassie and over the head of the League.

Brazilian Government Has Announced That Communist Inspired Revolt Put Down

Rio De Janeiro, Nov. 28.—(P)—The Brazilian government announced the complete suppression of a Communist-inspired revolt today and said 136 persons were killed in the four days of savage fighting.

The nation was rapidly returning to normalcy, although a "state of siege" is in existence.

President Getulio Vargas advised governors of the various states that estimates of the dead in Rio Grande do Norte and Pernambuco states totaled 100 and officials said 38 were killed here when a revolt was smashed yesterday.

Eighteen soldiers died in fighting around the barracks of the Praia Vermelha (Red Beach) and 20 others were slain when federal aviators bombarded the aviation school.

Among those killed here were six army officers, 15 sergeants and one private. An Associated Press survey of Rio De Janeiro hospitals showed 76 persons were taken to hospitals for treatment of wounds.

Mother Asserts Son Tricked Into Making Confession

Mrs. William Jarrett Claims Boy Was Home In Bed At Time Of Murder

Edwardsville, Ill., Nov. 28.—(P)—The mother of a 15-year-old high school freshman asserted tonight that her son had been "tricked" into a murder confession by State's Attorney Lester Geers.

Mrs. William Jarrett, after a tearful visit with her son, James, in the county jail said, "my boy is innocent. He is being framed."

Geers had announced Jarrett and Everett Rambo, also 15, had admitted participation in the burglary-slitting early Tuesday morning of John C. Higgins, Madison county deputy sheriff.

The State's Attorney said he would ask the death penalty for both boys.

Mrs. Jarrett, asserting she would be able to prove her son was home in bed at the time of the killing, said she would ask that a lie detector be used to hear out his innocence.

Geers related the boys gave signed statements after they were confronted with notes, obtained with a dictograph, on their conversations in jail.

Rambo, Geers said, told of breaking into Higgins' home with Jarrett and slugging Higgins' 7-year-old daughter, Margie, with a pistol butt when she awakened. Her cries aroused her father, who was shot down by the intruders.

Jarrett in the statement Geers said he obtained, told of accompanying Rambo but denied being the actual slayer.

Indianapolis, Nov. 28.—(P)—A gun battle at Richmond, home territory of Willard Carson, Indiana's mad killer, and statements by Janet Henderson, 21, of Chicago, sent state police to all parts of Indiana today in their search for slayers of Frank M. (Petey) Levy, Anderson policeman.

The Henderson girl, a ruddy faced blonde, was brought here today from Vincennes, where she was arrested yesterday and where she alleged two men companions were implicated in the Levy slaying.

Captain Matt Leach placed her in the Marion county jail and immediately left for Kokomo. Anderson and said to have been the third hardest in the long series experienced here since October 12. No injuries were reported.

ITALIANS ARE PREPARING TO BREAK "RING"

Ruben Colinsky Asks Court to "Put Me Out"

Los Angeles, Nov. 28.—(P)—Ruben Colinsky leaped to his feet in the court of Federal Judge Leon R. Yankwich.

"Put me out! Put me out!" he screamed.

The bailiff shushes menacingly. The court rapped for order.

"Put me out! Put me out!" shrieked Colinsky, a produce dealer.

"Put him out," the court concurred. The bailiff shoved Colinsky from the room.

"Now you're out, and you stay out!" he said.

"I'm not out—extinguish me—I'm on fire!" yelled Colinsky.

Investigation disclosed Colinsky had put a lighted pipe in his coat pocket. He was burned slightly.

DEADLINE FOR DIRECT RELIEF DECEMBER FIRST

Many 'Unemployables' However Without Employment

Washington, Nov. 28.—(P)—The capital cocked an eye tonight toward December 1—deadline for ending direct federal relief to "employables"—for a hint on budget-balancing prospects for next year.

Chairman Buchanan (D., Tex.) of the house appropriations committee has forecast that "if President Roosevelt asks for more direct relief money, it would not be over a billion."

The drive to put 3,500,000 "employables" to work through the \$4,000,000,000 appropriated this year, however, appeared still short of its December 1 goal.

Latest figures listed 2,367,242 at November 15, and Administrator Harry L. Hopkins recently estimated 89,000 more were being provided jobs each work day.

States and cities were complaining, coincidentally, that they would be unable to take over the direct relief burden of their "unemployables" and those "employables" not absorbed in the federal program or by private industry.

Despite President Roosevelt's recent assurance to mayors that the federal government does not intend to let anyone starve, Buchanan said he would oppose new appropriations for the Dole after the \$4,000,000,000 is exhausted.

The appropriations chairman also said it was his personal objective to come within \$500,000,000 of balancing the budget in the 1937 fiscal year beginning next July 1 with the approximately \$4,500,000,000 in estimated revenues, and to have the outgo equal income in the 1938 fiscal year.

This presumably would leave roughly \$1,500,000,000 for the "recovery and relief" column in the financial year of 1937, since "regular" expenditures now are in the neighborhood of \$3,500,000,000.

Although Mr. Roosevelt has said estimates of regular expenditures had been trimmed by \$400,000,000, Buchanan said frankly they were still too high for his own goal.

MUSSOLINI'S 3 POINT PROGRAM WILL BE USED

"Death Squad" Air Force May Attack British Fleet

By John Evans Copyright, 1935 By the Associated Press

Rome, Nov. 28.—Responsible persons with high connections said tonight a war that might be a world war would be certain to result if the League of Nations places an oil embargo upon Italy.

These persons were not officials. They said Premier Mussolini, at a midnight session of the Fascist grand council Nov. 18, adopted this three-point program to be used if an embargo is applied:

1-Italy would withdraw her ambassadors and ministers from all "enemy" countries (those applying the oil sanctions).

2-Italy would quit the League of Nations.

3-Italy's "death squad" air force of the navy would strike immediately at the British fleet in the Mediterranean. This is reported to be a force of 125 pilots pledged to go to certain death. Each would carry one huge bomb in his plane, pick out an enemy warship and dive upon the vessel.

It would be a sudden, desperate war in an attempt to break through the ring of 52 besieging nations, these sources said.

This determination was said to have been given by Premier Mussolini to Sir Eric Drummond, the British ambassador, here last Saturday and through the Italian ambassador to Premier Laval of France and Sir Samuel Hoare, British foreign secretary, on Monday and Tuesday.

It was knowledge of this program, these sources continued, that caused postponement of a meeting of a League of Nations committee scheduled for tomorrow to consider an oil embargo.

A government spokesman, interpreting the phrase "oil means war," said war might not be immediate, but oil would be "another step which might eventually lead to European hostilities." Beyond that officials do not go.

Mussolini plainly recognized the possibility of a European war in his talk with former Senator Henry J. Allen of Kansas more than a month ago.

In a speech to the country the day before his troops entered Ethiopia 11 Duce declared: "To acts of war we will respond with acts of war."

What constitutes "acts of war" was never defined officially, but authorities said military sanctions or a blockade would come in that class.

Financial experts said today sanctions and patriotism have solved Italy's gold problem.

Tenant Farmer, 3 Small Daughters Burned To Death

Farm House Fire Results From Explosion Of Gasoline

Beaumont, Tex., Nov. 28.—(P)—Edgie Vayon, 40, tenant farmer, and three small daughters, were burned to death in a farm house fire late today resulting from a gasoline explosion.

The Thanksgiving Day tragedy, which occurred in the Amelia community south of here, increased fire fatalities for the day to ten in Texas. Six perished at Fort Worth in an apartment fire preceded by a gas explosion.

The children were Lillian, 10; Margaret, about 3, and Anna, one month old.

Mrs. Vayon, wife and mother of the victims, and a sister were outside unable to save the four.

Vayon and his family were moving into the house and had drenched the plain board walls of a front room with gasoline to clean them. Heat from the smoldering embers in a stove ignited the fumes and caused an explosion.

The children were asleep on a bed in the room. The father rushed in to save them. Mrs. Vayon grabbed at his clothes through a window and he tore loose and disappeared into the interior.

The house was leveled by the flames.

Shop Early

Now that Thanksgiving is past, and
with Christmas less than three weeks
away, it is time to remind the buyer

of gifts to shop early and mail early.
The average person does not object to
receiving a Christmas package well
ahead of time, nor does he wish to
prolong his own preparations for the
day to the last moment.

Buying early saves the last-minute
rush for salespeople, and also eases the
strain on the shopper. Mailing early
aids the service of the postal depart-
ment and insures more prompt deliv-
eries. At this time of year the postal
facilities of the postal service are
greatly augmented. Public co-operation
is greatly appreciated.

Christmas buying should get under
way at once, as it is expected to be
heavier than usual this year. The
early shopper, like the early bird, will
reap some advantage in choice of
gifts.

Five Years Ahead—
A Billion Back

Five years from now when the 200-
inch telescope lens cooling at Corning,
N. Y., is mounted in a California ob-
servatory, astronomers will be able to
see four times as far into outer space
as they can at present. If they find
anything out there, the light will be
coming from a distance of 1,200,000,000
light years, and they will see heavenly
bodies as they looked long before
there was any life on the earth. In
fact they may see a universe as it was
before this world had come into being.

It will take five years to bring and
polish the huge lens, which is now

said to be sufficiently cool to be re-
moved from its oven. The long process
of manufacture merits a rich reward.
Doubtless scientists will find the
universe is even bigger than they
thought. They will also be able to
study the nearer planets with greater
accuracy, and they may find out
whether any of them are inhabited.
The big glass has cost much time and
money, but science must be served,
and the knowledge gained by the
human race is usually worth all its
costs.

And The Mule Died

The Missouri mule has lost a fight,
which is news. The Italian army will
buy no more American mules, prefer-
ring the smaller Italian variety for
service in Ethiopia. The Italians
charge that the American mules just
laid down and died. They couldn't take
it. Doubtless most of those mules
came from Missouri. They must of
got homesick for the "Missouri Waltz."

But the mule has had a glorious
history. He has served in every war
America has ever had and in many
foreign conflicts. Never before has he
failed to register and deliver the
goods. There must be something the
Italians have not explained.
The mule is a rather honest animal.
If he doesn't like something he kicks.
In the army of Mussolini kicking is
not allowed. Hence there was nothing
for the mule to do but die. He was
not in agreement with the Italian
conquest of Africa, and he could not
show his displeasure in his accustomed
manner. He could not return home.

Therefore he died. Let it not be
held against him, for in so doing he
may have been wiser than we know.
There are some things that even a
jackass can't stand.

Love Fat The Easy Way—Without Starvation Diets,
or Back-Breaking, Bending and Rolling Exercises.
There's a reason why so many people find
dieting slow and often times futile in re-
ducing. The reason, doctors say, is often be-
cause a little gland is not working right.
All the blood in your body goes through
this tiny gland sixteen times every day. If
it doesn't pour into the blood stream about
one and one-half drops of vital fluid every
24 hours, many people take on ugly fat.
This fluid helps Nature to "burn up" excess
food and fatty tissue in much the same way
as a good "draft" acts in a furnace.
Now, physicians combat this condition
by feeding this gland the substance it lacks—
and millions of pounds of excess fat has
been wiped out this way.
Marmola Prescription Tablets are based
on the same scientific method used by doc-
tors. So why not lose fat the easy way—

Dairy Herds Owned
By Association Set
Production Records

Jersey, Greene, and Morgan
Herds Make Profit of
\$110.65 Per Head

Jerseyville—High standards in effi-
cient milk production for Jersey
county herds were set during the past
year when the seven highest produc-
ing cows in the Jersey-Greene-Mor-
gan Dairy Herd Improvement Associ-
ation each averaged 531.9 pounds of
butter fat for the year and returned
\$110.65 a cow above cost of food they
ate.

The seven cows furnished a splen-
did lesson in economy of production.
They returned nearly seven times as
much above feed cost as thirty-one of
the lowest producing cows and pro-
duced 23,668 pounds less milk for
market distribution. Such results are
the basis for the dairy herd improve-
ment association's aim of "fewer and
better cows."

Farm Adviser C. T. Kibler of Jersey
county has just received the final
summary of the association's records.
For the year from Prof. C. S. Rhode
and J. G. Cash of the dairy hus-
bandry department, College of Agri-
culture, University of Illinois. Re-
cords which the twenty-five members
of the association are keeping are
part of the work carried on in this
county to further improve methods of
dairy herd feeding and management.

Greenfield Cows Lead
Newton Short of Greenfield, with a
herd of ten purebred Jerseys led the
association with an average produc-
tion of 7,660 pounds of milk and 446.5
pounds of fat. A herd of eleven pure-
bred Holsteins owned by J. V. Kallal
and Sons of Jerseyville, was second.
M. S. McCollister of White Hall was
third with his herd; Ellis Walkington,
Roodhouse, fourth and H. C. Cole
of Greenfield, fifth.

The leading individual cow out of
the 603 in the association was a pure-
bred Jersey that made 10,255 pounds
of milk and 562.4 pounds of butterfat,
and was owned by Newton Short of
Greenfield.

The year's average for all the cows
was 7,260 pounds of milk and 299.2
pounds of butterfat, and a return of
\$61.50 above the cost of feed.

Members of the Jersey-Greene-Mor-
gan Dairy Herd Improvement As-
sociation who had records in the an-
nual summary are: Newton Short,
Greenfield; J. V. Kallal and Sons,
Jerseyville; M. S. McCollister, White

WILL ROGERS

Starting tomorrow for a six day
engagement, will give Jacksonville
the opportunity to see Will Rogers
in his last and greatest role, "IN
OLD KENTUCKY." It goes
without saying that Will Rogers
was the greatest character in
America, and that he was individ-
ual in his work. He was the
one actor who could not be mim-
icked, so to see a Rogers
performance means the grandest
entertainment in the world. Don't
forget, "IN OLD KENTUCKY"
starts a six day run at the FOX
ILLINOIS tomorrow. Tickets to-
day go to J. R. Weyand, 1252 W.
College.

HEIR TO TROUBLE

Ken Maynard rides the revenge
trail in a whirlwind of pounding
hoofs and flaming guns. He's
dynamite in action, trouble-shoot-
ing with both barrels, risking death
for thrills and millions!

It's Ken Maynard, king of cow-
boys, in a thrilling new saga of the
vanishing frontier, "HEIR TO
TROUBLE," which opens today at
the FOX MAJESTIC.

This new film is a stirring drama
of a carefree, carousing cowboy
who risks life and honor to win a
fortune in gold! More thrills, more
laughs, more daring horsemanship
and gunplay than you've ever seen
before!

Also another chapter of the
"MIRACLE RIDER," starring Tom
Mix. Passes today for Eugene

A DAILY GUIDE TO
ENTERTAINMENTTraffic Deaths in
City Nearing High
Record for Decade

Three Fatalities Thus Far,
with Possibility of Two
More, Is claim

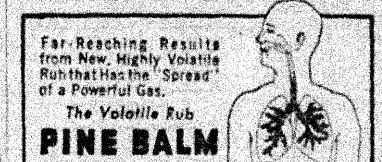

Jacksonville's record of traffic deaths
for 1935 thus far is within one of the
high since 1926, statistics kept by the
police department show. The city had
four deaths in each of the years 1928
and 1931, and thus far this year there
have been three. Two traffic accident
victims are still in serious condition,
so that the chance that the city may
even exceed the previous record of
fatalities is great.

Two of the deaths have occurred
during the present month. One death
for the year was due to a collision be-
tween a car and a truck, and the other
two had pedestrians as victims, both
of whom were crossing streets at an
angle and not at intersections.

In 1926 the city had no deaths from
traffic accidents. Next year there was
one. Then in 1928 there were four, in
1929 three, in 1930 two, in 1931 four,
in 1932 three, in 1933 two and in 1934
one. The 1935 record of three has
pushed the city far down in rank for
the ratio of deaths per 100,000 popula-
tion.

In the United States as a whole, in
1934 deaths due to auto accidents in
rural sections numbered 23,100, and
those due to accidents occurring
within the limits of cities totaled 12-
800.

Treat Prisoners to
Thanksgiving Feast

Duck Dinner Yesterday
at County Jail; Two
Inmates Enjoy It

The two prisoners in the county jail
enjoyed a real Thanksgiving dinner
yesterday, as did also Sheriff Kenneth
Woods and his family. With the re-
moval of two prisoners to the state
farm and two to the penitentiary, the
population of the jail has been greatly
reduced.

The Thanksgiving menu included
duck, dressing, mashed potatoes, gravy,
celery, cranberry sauce, date loaf, and
coffee. The prisoners had all they
wanted to eat and considered it a real
feast.

CONCORD CHRISTIAN SUNDAY SCHOOL HAS CHILDREN'S PROGRAM

Concord—Under the leadership of Miss Eileen Abernathy, the children of the Christian Sunday School rendered an interesting program after the communion service at 11 a. m. on Sunday morning. The service was in the interest of religious education. At the close an offering was taken for that part of church work.

News Notes
The Ladies of the M. P. church held a market in the vacant room next to the barber shop on Tuesday afternoon.

Word has been received here of the birth of a baby girl at the home of Mr. and Mrs. Clarence Moss in Rock Island. Date of birth was November 19, third child.

Mr. and Mrs. Joe Dodds, of Jacksonville, were week end visitors at the home of Mrs. Mary Alor. Rev. and Mrs. C. W. Andrew drove to Springfield on Wednesday to spend Thanksgiving. Miss Elizabeth Zulauf and Louise Nergenah accompanied them. Miss Zulauf was to go on to Clinton to spend the next day with Mr. and Mrs. Sterling Andrew.

S. M. and H. E. Henderson are to spend Thursday at the home of Mr. and Mrs. Hubert Wester and family near Silesburg.

It is understood that J. T. Rayborn is improving at Passavant hospital. Concord M. E. Church—C. W. Andrew, minister. Sunday school at 10 a. m. Carroll Brookhouse, superintendent. Preaching and communion service at 11 o'clock. Sermon subject: "Christ With Us." Arenzville Sunday school at 10:00 a. m. Herman Wilson, superintendent. Preaching service and communion at 7:30 p. m.

McKendree Chapel—Sunday school at 10:00 a. m. W. E. Rice, superintendent. The quarterly conference will be held at Arenzville on Monday, Dec. 2 at 2 p. m. Dr. T. B. Lugg will preach. The services were well attended last Sunday. The evening service at Concord was in the nature of a Thanksgiving service. Special music was rendered.

ARENZVILLE

Mrs. Kate Stoker and Mrs. Mary Houston spent the week-end with Mr. and Mrs. O. T. McLain and daughters. Miss Rozella Gibbons of Union spent the week end with her grandmother, Mrs. Pearl Piper.

Mr. and Mrs. Ruel Parlier and family of near Jacksonville and Mr. and Mrs. Carl Pilger and family of Beardstown were called here Thursday on account of the serious illness of Mrs. Pilger's son, Mr. Parlier's father, William Parlier.

Fordham Smears New York University's Unbeaten and Untied Grid Record

By Bob Cavanaugh

New York, Nov. 28.—(AP)—A combination of "Rose Bowl" prospect Fordham and an alert and rugged New York University's unbeaten and untied record today shattered the Violets' hopes of participating in the annual post-season Pacific coast classic.

Before a Thanksgiving Day crowd of 72,000—the largest ever to attend one of these intra-city contests which started in 1899—the Rams overwhelmed the Violets 21 to 0 in a game which saw bad blood develop in the second period when the rival players engaged in a free-for-all fist fight.

The fistfight was inspired by Perry Gaffen of N. Y. U. and Amerigo Sarno of Fordham, opposing tackles, who squared off after a 15-yard penalty had been called against N. Y. U. after order was restored by the officials, Gaffen and Sarno were banished from the game.

Coming up for the 18th game of the series with a spotless record and one of the most widely publicized passing attacks in the east, New York University was virtually shackled on foot by Fordham's closely knit and powerful forward wall, and 20 percent of the Violets' aerial thrusts were speared by ram players.

Although he failed to account for any of his team's points, Joe Maniaci, captain and halfback, was the spark plug of the Rams' offense and defense. The big black-haired fellow closed his collegiate gridiron career with one of the most sparkling individual performances in the 26 years of the series. Fordham gained 220 yards overland and Maniaci contributed almost half of the total yardage. In addition to taking a terrific body battering that twice forced him out of the game.

After an exchange of punts early in the opening period N. Y. U. appeared on its way to a score when Maniaci returned Palau's punt 15 yards to the Violets' 43 and then skirted left end

for a 13 yard gain. Mandell went through for six yards, but fumbled on Fordham's 38 and the ball was recovered there for Fordham by Ed Franco.

Maniaci wheeled around his own left end for a gain of 27 yards to N. Y. U.'s 35. After Dulkie picked up two through center Maniaci faked back ten yards and threw a long pass to Palau who took one step across the goal. Palau kicked the extra point from placement. A few minutes before the end of the quarter Gallivan, substitute for Dulkie crashed through left tackle and went 25 yards for the Ram second score. Palau also converted.

Big Ed Smith got the Violets' passing attack in working order in the second period. A 12 yard heave to Siegal, sub for Somma, and a 12 yard run by Smith put the leader on Fordham's 20 and then the 13 yard penalty for holding was imposed on N. Y. U. and the hitting broke out. Starting on their own 20, the Violets advanced the ball 62 yards to Fordham's 18 on passes from Smith to Mandell, Blomquist and Begelman, but as the Violets lined up for the next play the half time whistle sounded.

The Violets' defense stiffened in the third period to hold Fordham down on the six yard line after Maute recovered Machlowitz's fumble on the 15-yard line. Maute, who had an admirable job of backing up the line and blocking, accounted for Fordham's final score in the fourth period. After Palau intercepted a Violet pass and ran 25 yards to N. Y. U.'s 35, Maute broke loose around left end and scored standing up. Palau again kicked the extra point.

Score:
Fordham.....14 0 0 0-21
N. Y. U.....0 0 0 0-0
Fordham scoring: touchdowns, Palau, Gallivan (sub for Dulkie). Points after touchdown—Palau 3 (placements).

Detroit Lions Wallop Bears

Detroit, Nov. 28.—(AP)—The Detroit Lions, with a defense as brilliant as their offense, routed the Chicago Bears from the professional football championship race today, 14 to 3.

Earl "Dutch" Clark scored both Detroit touchdowns, added both extra points, and played such a strong game on defense that the best the Bears could do was get two points for a safety in the second period.

By the victory, the Lions retained a chance to win the western divisional title for the championship match in the National League.

A record crowd of 20,000 saw the Lions hammer through the Chicago defense for 43 yards to get within scoring range in the first quarter. Shepherd faked back and heaved the ball into Clark's arms in the end zone for the first score. Clark added the extra point.

Just before the half ended, Buddy Frazier fumbled on a crack into the wall on his own one yard line, and when he recovered in the end zone, the Bears had him dropped for a two point safety.

Detroit scored its second touchdown in the third period on a steady drive to the Chicago 22-yard line. Ace Gufowsky whipped a lateral to Clark, and the Detroit star squirmed away from Chicago tacklers and romped over the goal. His boot added the extra point.

Doctor Seriously Ill Of Malaria

New York, Nov. 28.—(AP)—Dr. James H. Brewster, director of the Oriental Institute of the University of Chicago, was removed from the liner Conte Di Savoia, when she docked today, to a hospital, seriously ill of malaria.

The famed archaeologist was accompanied by his wife, the former Imogene H. Richmond, whom he married last June.

Dr. Giovanni Valenzi, ship's surgeon, said Dr. Brewster, 69, became ill two days ago on the voyage from Naples.

Dr. J. Bentley Squier, personal physician to Dr. Brewster, boarded the ship at the pier and after an examination ordered him removed to Medical Center. Dr. Squier declined to discuss his diagnosis.

Props of bids to the Rose Bowl were knocked out from under one contender yesterday when Fordham's powerful Rams bowled over New York University's Violets.

For the first time in the history of the Rose Bowl, it begins to appear that the selection of a team to meet Stanford on January 1 will be selected from west of the Mississippi river.

A lot of arguments have popped up over the Rose Bowl games. One fellow argued that Missouri played in the Bowl at one time, but all existing records available here fail to bear out the claim.

For your own information, here is the history of the Rose Bowl games to date:

1901—Michigan 49; Stanford 0.

1916—Washington State 14; Brown 0.

1918—U. S. Marines 19; Camp Lewis Barracks 0.

1919—U. S. Naval Tr. 17; Marine Barracks 0.

1920—Harvard 7; Oregon 6.

1921—California 0; Ohio State 0.

1922—California 0; Washington and Jefferson 0.

1923—So. California 14; Penn State 3.

1924—U. Washington 14; Navy 14.

1925—Notre Dame 27; Stanford 10.

1926—Alabama 20; U. Washington 19.

1927—Alabama 7; Stanford 7.

1928—Stanford 7; Pittsburgh 6.

1929—Georgia Tech 8; So. California 7.

1930—So. California 47; Pittsburgh 14.

1931—Alabama 27; Wash. State 0.

1932—So. California 21; Tulane 12.

1933—So. California 35; Pittsburgh 0.

1934—Columbia 7; Stanford 0.

1935—Alabama 20; Stanford 13.

And there were a few phone calls at our office yesterday wanting to know if there were any games listed for the city. Not so this year, and maybe it is just as well.

And because of the off day, we're picking up a few odds and ends out of the all record book for the column today.

Notre Dame made 145 substitutions in one game against the Navy. The game was in 1930, Notre Dame won.

Ashland Club Has Program This Week

Place of Women in Modern World Discussed by Mrs. M. Wallbaum

Ashland—The Ashland Woman's Club met Tuesday afternoon at 2:30 o'clock in the club room at Legion Hall. Mrs. Mabel Riley was in charge of the following program:

Song, "Home, Sweet Home," by the club.

Oration, "Prince of Peace"—Howard Doolin.

Original poem—Freddie Jim Wallbaum.

"The Place of Women in the New World"—Mrs. Martha Wallbaum.

During the social hour, following the program, delicious refreshments were served by the following hostesses: Mrs. Nora Bailey, Mrs. Velma Carl, Mrs. Caroline Carl, and Mrs. Cora Robinson.

Mrs. Elmer Hinds entertained at her home Saturday afternoon at a birthday party in honor of the seventh birthday of her little daughter, Peggy Jane. About nineteen little friends and classmates of Peggy Jane were present to enjoy the afternoon spent in playing games, followed by the serving of delicious refreshments.

Give Farewell Party

Mr. and Mrs. Ralph Newell, son, Bobby; Mr. and Mrs. James Newell attended a pot luck supper in Community hall, Virginia, given by the congregation of St. Luke's Catholic church, Virginia. The affair was in the nature of a farewell party in honor of Mr. and Mrs. James Newell, who were active and valued members of that congregation and lifelong residents of Virginia before they moved to Ashland a week ago. Their new friends in Ashland feel that Virginia's loss is Ashland's gain.

Bridge Club Meets

Miss Lois Wyatt delightfully entertained the members of her bridge club at supper and bridge at her home Tuesday evening. Two tables were at play, and high score prize was awarded to Mrs. D. L. Clarke, and traveling prize to Mrs. LeRoy Klein. Others to enjoy the occasion were Mrs. John V. Beggs, Mrs. F. Lee Terhune, Mrs. William C. Strubling, Mrs. F. Clark Wallbaum and Mrs. William Butler.

Mr. and Mrs. William Hines and Eugene Way were guests Sunday evening at a dinner party at the home of Miss Catherine Rexroat in Jacksonville. The affair was in honor of the birthday anniversary of Mr. Way.

HOLD SERVICES FOR VICTIM OF ACCIDENT

Funeral services were held yesterday morning at the Church of Our Saviour for Edward Lyons, who died as the result of accidental burns. The funeral was conducted by Rev. Dean F. P. Forman, and was largely attended.

The flowers were cared for by Miss Mary Norris, Mrs. Iris Rogers and Mrs. Harry Kuck.

Interment was made in Calvary cemetery, the casket bearers being Thomas Cosgriff, Frank Carson, Charles Lonergan, Marshall Rogers, James Galtens and Leo Clancy.

Plan Ordinance Consideration At Meet Tonight

City Council Adjourns Last Night After Two Minute Session

Following their pre-arranged course, the city council last night adjourned its regular meeting until tonight at 7:30 o'clock at which time the ordinance authorizing the construction of a municipally owned electric power and light plant is scheduled to be presented for second reading.

Last night's session lasted for less than two minutes. City Clerk John R. Phillips called the roll, and Alderman E. R. Matthews followed the roll call with a motion to adjourn. Aldermen Brown, Cocking, Dennis, Harmon, Green and Matthews were present, along with Mayor F. J. Blackburn who presided. Aldermen Early and Weaver were absent.

Consideration of the ordinance for the construction of a municipally owned light and power plant and distribution system is expected to take place tonight. Several interested persons gathered there last night.

Whether a vote will be taken tonight depends upon the amount of debate. Reading the ordinance will probably take about an hour, and there probably will be other business to come before the council. If the ordinance is passed the proposition of granting the city the right to sell electric energy to private consumers will be put to a vote of the people.

Special Attorney O. N. Foreman after last night's council meeting presented Alderman E. R. Matthews with a blueprint copy of the proposed method of financing the project. One half of the blueprint carried the plan as it was presented to the Public Works Administration based on present rates and anticipated revenue from one half of the present power and light consumers of the city, and showed a balance of over \$633,000 in accumulations at the end of 16 years after all expenses of the plant have been met, including the retirement of public utility coupons which will be issued to cover the city's share of the cost of construction.

Another portion of the blueprint showed two means of financing the project with rate reductions, both piling up an accumulation in the face of rate reductions, over a period of 15 years.

Explaining the rate at which bonds will be retired, the special attorney stated that if such a provision has been made in the ordinance for retiring bonds during the last three years at the rate of \$40,000 a year, or more, the city will not issue bonds for the \$189,000 granted the city by the Public Works Administration, and that a sum of approximately this amount will be deducted from the latter portion of public utility certificates to be paid off. No payments of certificates will amount to more than \$40,000 annually, he stated, and added that under no circumstances can the public utility certificates become a general obligation of the city. All certificates must be paid out of the earnings of the plant.

First Snow Falls In County Thursday

Slight Sift Of Snow During Day Is Considered "Turning Point"

With the temperature slightly below freezing and the wind in the northwest, Morgan county got its first snow of the year on Thanksgiving.

The first snow started in thin fashion, sifting through the air in fine particles. As Thanksgiving day is considered by many the "turning point" between fall and winter weather, predictions of even more severe weather were heard.

As citizens prepared to sit down to holiday repasts the sifting of snow continued intermittently. Several persons recalled that twenty-seven years ago Thursday Morgan county had a heavy snowfall. The streets were covered to a depth of nearly two feet in some places and horse-drawn vehicles ad difficulty in traveling the streets.

THOUSANDS OF WILD DUCKS FEED IN WATER NEAR BEARDSTOWN

Beardstown, Nov. 28.—Motomotos driving along the section of the Ripley river off route just across the Illinois river from this city have been treated with the sight of virtually hundreds of thousands of wild ducks, feeding in the slightly watered fields of the Coal Creek Drainage district.

The sprigs and mallards are so thick in some of these fields that the water under them cannot be seen. A sea of white and black heads is visible from the highway, and the motorist who likes to see the birds rise from the water simply hits the side of the car and the great flocks take to the air with a flapping of wings.

Although only a few of the "ice breakers" or "red legs," as the old water ducks are known to hunters, are occupying this area, there seems now to be an unusually large number of waterfowl in this district.

The Coal Creek Drainage district is an ideal feeding ground for the birds, which accounts for the large numbers inhabiting that area.

When colder weather sets in this sight of ducks will streak for warmer climes, but should be followed by a large flight of cold weather birds.

Freighter at Mercy of Sea in Storm That Killed 30

Taking thirty lives and leaving a trail of destruction amounting to millions of dollars, the Atlantic coast's first winter storm played no favorites on land or sea. The freighter Hartwellson, one of whose crew was washed overboard as it tossed in mountainous waves off the Virginia Cape, is pictured from the deck of the Orizaba, which responded to its calls for help. The crippled ship made port under its own power later.

Farm Bureau Meet In Chicago To Have Prominent Speakers

Future Policies To Be Considered At Convention December 9-11

Future farm policies, crop adjustment, managing the currency, relation of farm incomes to factory payrolls, and co-operative credit will be leading subjects discussed at the annual meeting of the American Farm Bureau Federation in Chicago December 9-11, according to information received by the Morgan County Farm Bureau.

The Illinois Agricultural Association, the largest state unit of the Federation, will be officially represented by the following voting delegates: Earl C. Smith, Detroit; Talmage DeFrees, Smithboro; C. E. Bambrugh, Polo; Samuel Corrells, Raymond; R. B. Endicott, Villa Ridge.

Alternates are: Eugene Curtis, Champaign; Ernest D. Lawrence, Bloomington; E. Harris, Graylake; K. T. Smith, Greenville; and E. E. Houghty, Shabbona.

In addition to the leading address by President Roosevelt on Monday morning, Dec. 9, addresses will be made by Edward A. O'Neal, president of the Federation whose two-year term expires this year, General Robert E. Wood, president of Sears Roebuck & Company, whose subject is "Farm Incomes and Factory Payrolls," Chester C. Davis, administrator of the Agricultural Adjustment Act; F. W. Peck, commissioner, Bank for Co-operatives; Congressman Allan T. Goldsborough, Maryland, member House Committee on Banking and Currency; and Congressman Clifford H. Jones, Kansas, member House Agricultural Committee.

The annual banquet will be held on Tuesday night. A banquet speaker has not yet been chosen. An effort is being made also to schedule the Secretary of Agriculture, Henry A. Wallace. Additional speakers will be announced later.

Railroads have announced reduced rates of fare and one-third ton tickets to Dec. 9 with a 30-day return limit. All sessions except that on Monday morning will be held in the Hotel Sherman.

College Choir Address—A Sun in the Sky Reverend Joseph B. Rosemurgy, D. D.

Hail To MacMurray! Here's a toast to our dear College; To her name we'll ever be true; To the giver of great knowledge—To the Yellow and the Blue.

Chorus Hail to MacMurray! The pride of us all; Hail to our Alma Mater, May her standards never fail. Here's to MacMurray! We pledge our loyalty—Knowledge, Fair and Service Shall our motto ever be.

Give a cheer for old MacMurray. For the name we love the best; May she live in all our memories As the one who leads the rest!

Eight Hundred Couples Attend Firemen's Ball

Dance To Benefit Pension Fund Of Jacksonville Fire Fighters

Eight hundred couples enjoyed the Jacksonville firemen's benefit dance held at the Jacksonville State Hospital gymnasium last night. The committee in charge of the affair stated last night that it was impossible to determine how much money will be realized from the dance, but several hundred dollars will be added to the firemen's pension fund. Several hundred tickets were sold for the ball prior to last night and others purchased tickets at the gymnasium.

Committees of the fire department employees had charge of arrangements for the event with Alderman Ralph Green acting as general chairman. The gymnasium was attractively decorated. Don Ross and his ten-piece orchestra provided music for the dancers, and a blues singer added to the pleasure of the evening.

Guests at the dance included Chief Delaney of the Springfield fire department and Ex-Chief Vondenberg.

CONDUCTS SERVICES AT OLD PEOPLE'S HOME

Rev. R. L. Cartwright of Virden conducted the Thanksgiving services Thursday at the Old People's Home in this city. Following the song service Rev. Cartwright took the text for his sermon from the 136th Psalm. Readings were given by both Rev. and Mrs. Cartwright.

AN APPRECIATION

The committees in charge of the firemen's benefit dance held last night express their appreciation to the many persons who made the success of the affair possible.

After a flash of lightning, the air remains illuminated for about 1/1000th of a second, as shown by photographs.

Mutilation Story Told by Teacher

Claiming to be a victim of the bitter campaign waged against socialistic education in Mexican schools, Enriqueta Palacios, rural teacher, is shown here, with ears bandaged, as she reached Mexico City, telling a story of mutilation by a bandit band.

Federal soldiers charge that she has been cut from many teachers and others slain, in the clash between Catholic groups and Socialists.

To Hold Funeral For Myrtle Hickox In Virginia Today

Services To Be Conducted At Christian Church; Cass News

Virginia, Nov. 28.—Last rites for Miss Myrtle Hickox will be held at 2 o'clock Friday afternoon at the Christian church, of which she was a faithful member. Rev. J. W. Armstrong will have charge of the services, assisted by Rev. J. H. Parker.

Casket bearers will be Arch and Harley Melford, F. C. Wilson, R. O. Irvine, Dr. G. W. Smith and C. R. Wilson.

The decedent was born near Philadelphia, Ill., on Feb. 9, 1874 and has spent her entire life in and near this city. Her mother Margaret (Dobson) Hickox Mann preceded her in death on June 1st, 1913, and after her death R. H. Mann adopted Miss Hickox, and a niece, Dollie Thompson, whom he and his wife had raised. Miss Hickox was an accomplished musician and an active member of several clubs, and was a past worthy Matron of the Eastern Star chapter, holding the office of chaplain at the time of her death. She is survived by her foster-father, R. H. Mann, and foster-sister, Mrs. A. N. Cooke, of Chicago. While her family circle is small, she has a large circle of warm friends who held her in high regard because of her many admirable characteristics.

News Notes.

Federal Inspector Takes Up Trail in Arenzville Mystery

"G" Man Questions Young Man Who Was Forced to Get Into Car

Investigation of the attempted kidnapping of Porter Brainer, Arenzville youth, will be conducted quietly by Federal G-men, following an examination of the youth by Federal Inspector Wolf of St. Louis.

Porter Brainer was questioned at Virginia. Unaccompanied, not even by his parents, the 15 year old boy told the same story to the federal inspector as had been given to Sheriff Gus Campbell on the night of the attempted kidnapping.

The federal inspector indicated that he disliked much publicity on the case but assured Sheriff Campbell that the case was purely one of attempted kidnapping and that he would continue the investigation.

Horace Massey Farm Sale Well Attended

Livestock and Grain Bring Good Prices Wednesday at Public Auction

A sale held Wednesday at the farm of Horace Massey, two miles south of the city, drew a large crowd and was featured by lively bidding and good prices paid for everything. Sixty head of cattle were sold, ranging in price from \$15 to \$56 per head. Fifty head of hogs brought prices ranging from \$3 to \$25.

Hay brought 29 cents a bale and oat straw 23 cents a bale. Corn sold for 50 cents a bushel. Implements sold well. Ladies of Ashbury church served lunch on the grounds.

Elmer Middendorf was the auctioneer. Harold Hembrough and Charles Williamson officiated as clerks of the sale.

OZARK FOLK LORE AUTHORITY TO BE ENTERTAINER HERE

"The Ozarks in Story and Song" will be the subject of the unique and fascinating program given Tuesday night, December 2, by Mrs. May Kennedy McCord, of Springfield, Mo., at Centenary church.

Mrs. McCord, who has spent her life in the Ozark country has been a student of folk lore, and will tell of the folk lore and sing the songs of the hill people. She speaks of the area in southern Missouri and Arkansas, where there is an arrested civilization, traced to the Elizabethan period of England, Scotland and Ireland.

In this section still exists a pure Elizabethan dialect. She defines "Folk-lore—in many words and expressions we term backwoods slang—as really classic terms used by Shakespeare and other writers.

With all the sweet haunting minors this ballad singer brings out in her native unspoiled soprano these beautiful compositions. Her guitar accompaniment adds immeasurably to her singing.

For several years McCord has edited a column called "Hill Billy Heartbeats." She is widely known and is quoted in the metropolitan press.

Approval of another WPA project for Jacksonville at an estimated cost of \$6,612 was announced yesterday by State Administrator Robert J. Dunham. The fund was authorized to pay for the cutting of trees for Illinois Emergency Relief Commission consumption.
